IDScan.net

Digital Identity Verification API

Deepen your understanding of each customer.

Through the IDScan.net DIVE API your business can take a layered approach to remote onboarding and account creation using our flexible identity verification tools.

Integrate DIVE API

DIVE ID Reader

Use optical character recognition read and parse the text on identity documents such as IDs and passports and/or ingest data stored in the barcode or MRZ directly into your application.

DIVE Enhanced Fraud Protection

Perform robust 2D barcode security checks to ensure ID validity, and check ID information against public records databases.

DIVE Face Match

Match the customer's face to their ID photo using a guided selfie with embedded anti-fraud controls to protect against common types of spoofing.

DIVE ID Authentication

Connect the DIVE API to a forensic document reader which can perform the highest level of fake ID detection on physical documents.

DIVE Age Verification

Check customer age remotely, and perform 2D barcode security checks to detect fraudulent IDs.
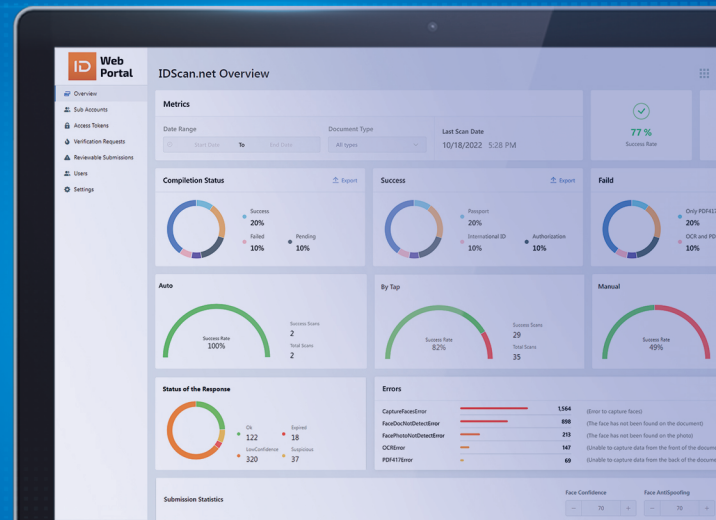

DIVE Global

Validate more than 10,700 global identity documents including foreign drivers licenses, military ID cards, national ID cards, and more.

Contact your Account Representative to discuss which DIVE API license is right for your business.
You can upgrade at any time.

IDScan.net

DIVE API Portal

Centralized Identity Verification Information
Inside the DIVE API Portal.

Via the centralized DIVE API portal information regarding your identity checks is at your fingertips.

- Number of identities verified

- Completion status of each request

- Response status (OK, suspicious, low confidence, expired documentation)

- Statistics regarding percentage of successful submissions

- Types of failure (OCR, barcode, spoofing)

- Third party check success or failure (DMV failure, IdentiFraud failure)

All submission information is stored for up to 120 days, allowing your team to query past submissions to verify data or perform detailed investigations into potential customers.

Get Started Today	Request your FREE, 3–day trial keys by contacting your account representative.
